

## OCU Hosts Buffaloes Saturday

Oklahoma City University and McMurry College are the next two opponents facing the West Texas State Buffaloes.

Coach Jimmy Viramontes takes his squad, now 8-2 for the year, to Oklahoma City Saturday for the first game of the season with the Chiefs who have lost two in a row, but still own a 9-3 record for the season.

Monday's rematch with McMurry is scheduled for Buffalo Fieldhouse at 8 o'clock.

Oklahoma City is certainly the tallest, and may well be the best, team the Buffaloes have faced this season. The Chiefs have defeated two of WTSU's conquerers, Abilene Christian and North Texas State. Comparative scores indicate an Oklahoma City romp. The Chiefs defeated Abilene Christian (73-64) which belted WTSU 84-62. Both games were played in Abilene.

Oklahoma City edged North Texas State at Denton 81-73 and the Eagles nipped the Buffs 75-70 a week ago in Buffalo Fieldhouse. Discounting the home court advantage, these comparisons make the Chiefs 13 to 31 point favorites. However, the Buffs twice upset OCU last season, 56-54 and 89-80, and undoubtedly believe

## Binning Trial Set Next Week

After spending more than a year in Randall County jail, Mrs. Ella Mae Binning, 26 years old, is scheduled to go on trial Monday of next week.

She is charged in the beating death of her 5-year-old son, Marcus DeWayne. Charges were filed in December, 1963.

A Randall County grand jury returned an indictment charging that Mrs. Ella Mae Binning "did with malice aforethought, kill Marcus DeWayne Binning by hitting and striking him with a hammer."

A daughter, Elizabeth Roxanne, 5 at the time, was hospitalized for treatment of wounds and bruises. Three other children ranging in ages from 7 years to 13 months were taken into custody by the Potter County Welfare Unit.

In May of last year, Mrs. Binning gave birth to a baby boy. Welfare also took custody of the baby.

Mrs. Binning's husband, Airman Henry A. Binning of Amarillo Air Force Base, has since been discharged from the service and now is living in Louisiana. He has visited Mrs. Binning twice during the 13 months she has been in jail.

The Binning case was one of 21 civil and criminal cases listed on the docket call in 47th District Court here Monday. Cases called are docketed for January and February trial.

New officers of the Chamber of Commerce board of directors are shown here looking at a report on the West Texas Chamber of Commerce forum conducted here recently. They

are from left Bennie Cooper, secretary; H. R. Fulton, president; and O. W. "Bud" Parker, vice-president.

## Randall County's Books Due Independent Audit

Randall County commissioners court Monday announced plans for an independent audit of the county's books.

Commissioners have asked an auditing firm to send representatives to next Monday's meeting of the court.

Judge Gene Jordan has been strongly in favor of an independent audit for some time. Mrs. Betty Hodges became county auditor Jan. 1, replacing E. T. Cummings in that position.

Department heads in the county government will be asked by the court to submit salary requests for the year. These must be considered before Jan. 31, a members of the court pointed out.

Oath of office was administered to several county officials, all of whom had been re-elected to their respective offices. Sworn in were Bill Money, tax assessor-collector; B. R. Jones and Glenn Dowlen, commissioners; L. S. "Slim" Johnston, sheriff; and W. A. "Bill" Wilson, justice of the peace.

The oath was administered separately to the new county auditor.

Randall County Criminal District Attorney George Dowlen was busy with the grand jury at the time of the swearing in.

and was to have had the oath administered to him later. The court authorized armored car service to pick cash at the court house annex tax office in South Amarillo during the rush months of February and March.

Judge Lloyd King told the court that some electronic equipment belonging to Radio Appliance may have been stolen from the district court room.

King received approval from the court to make it tougher to get on county relief rolls.

Commissioners authorized Judge King to ask Rockwell Manufacturing Company for shipping instructions for eight voting machines on loan here from the company.

Commissioner Clarence Beckman earlier had introduced a motion to return the machines to the company. He later withdrew the motion in favor of one

authorizing the judge to correspond with the firm.

The county owns 34 machines and has had eight on loan for more than two years. An option to purchase the loaned machines expired last August.

County Clerk Tommy Lair in November told commissioners that a dozen more machines must be purchased if an adequate number is to be on hand for the general election in November of next year.

Commissioners estimate that cost of shipping the machines back to the manufacturer will be about \$50 a machine. The county is under contract to pay that shipping cost if the machines are returned.

Eagles Open District Play Here Friday

Canyon High School Eagles begin district play Friday night as they host Perryton, defending 1-AAA district champions.

Eagles begin the conference battle with a 7-7 record this year.

"Perryton looks good. They are going to be hard to beat. Going to take a good defensive effort as well as a good team effort to beat them," said head mentor Roy Kieval.

Canyon swept past Happy and Boys Ranch this week in preparation for the district tussle.

Boys Ranch was clobbered 100-43 Tuesday night at Boys Ranch.

Ricky Bacon and Tom Lair led the scoring attack for Canyon with 19 points each. Tommy Higgins followed with 17 and Joe Moore chalked up 12. Dennis Haley made 7 points, and nabbed 17 rebounds with 10 assists.

Bacon grabbed 17 from the backboard to aid in the defensive game.

"We played a good offensive game, but our defense needs some work," Kieval pointed out.

Eagles out-rebounded the Boys Ranch five, 58-23. From the field, Canyon bagged 49 per cent making 38 of 77. Boys Ranch made only 32 per cent with 17 of 52.

A high 69 per cent from the gratis line helped the scoring average of Canyon.

Score at the end of the first quarter stood at 26-10; half, 52-18; third quarter, 80-30, and final, 100-43.

In a Saturday night game against Happy, Canyon romped to an 80-46 win.

Tom Lair led the Eagles with 24 points. Dennis Haley netted 13 points and grabbed 16 rebounds. Tommy Higgins bagged 11 points followed by Joe Moore with 10.

### Poll Tax Deadline Jan. 31st

Deadline for paying poll tax is Jan. 31, according to officials at the Randall County tax assessor-collector office.

The tax office now is accepting registrations for voting in federal elections. Such registration permits a qualified citizen to vote in national elections without paying a poll tax.

Tax office authorities said deadline for registration is Jan. 31.

### Heritage Foundation Sets Meet

Annual meeting of the Texas Panhandle Heritage Foundation will be held at 4:30 p.m. Sunday in the Fine Arts Building on the West Texas State University campus.

Mrs. Ples Harper, president, announced that the meeting would be held in the Intimate Theater of the FAB.

Highlight of the meeting will be cuttings from a recording of a sound and light show which plays at the site of the Sphinx in Egypt and which reveals the history of the Sphinx.

## Livestock Show Plans Underway

Kids in Randall County are making final preparations for the 1965 Randall County Junior Livestock Show, scheduled Jan. 15-16.

Plans for the 18th annual show will be finalized tomorrow night when committee chairmen and members meet in the livestock building at 7:30 o'clock.

Junior Livestock building will be prepared to receive the animals during the early days of next week. Job of weighing, classing, sifting and entering will begin early Friday morning.

Animals to be sold have to be members in Randall County will show. Those boys and girls from the county will be competing for ribbons, banners, showmanship trophies and cash prizes.

### Census Campaign Underway

Canyon Public School officials began the 1965 school census this week.

School children riding buses to and from classes were given census forms and an explanatory note from each bus driver. The notes and forms should be read and checked by parents, and returned by the student to the bus driver.

"Each form should be checked and if necessary, corrected. There may be a mistake on the forms, and parents should correct anything that is necessary," Ray Musgrave, school counselor, said.

Local census takers, under the direction of Musgrave, began a door-to-door census campaign Monday. The drive will continue through the month of January.

"We will be interested in school-age children, and pre-school children. We want to find out how many children will be starting to school in the next few years," Musgrave reported.

Those persons not contacted by the last week of January are requested to call Musgrave at OT 5-4732.

## Three Youths Give Written Statements

Felony malicious mischief charges have been lodged against three Canyon youths in connection with last week's vandalism of Canyon High School.

Charged are James Robert Callarman, 17 years old; Charles Laverne Reno, 19; and James Thomas Jennings, 17. All three are former Canyon High School students.

A 16-year-old Canyon boy is charged in juvenile court in connection with the same incident.

Police Chief L. D. Caldwell said Jennings, Callarman and the juvenile have made written statements.

Reno and Jennings were arraigned before Justice of the Peace W. A. "Bill" Wilson Monday and Callarman was arraigned Tuesday morning.

Bonds of \$5,000 each were set by Judge Wilson. Reno and Jennings remain in Randall County jail in lieu of bond. Callarman posted bond shortly

## Water Election Tuesday

Two county committeemen for the High Plains Underground Water Conservation District will be elected next Tuesday.

Nominees include R. B. Gist, Jr., Canyon, and Melvin Schaeffer, Happy, from Precinct 3; and Earnest A. Stocker and Carl Hartman, Jr., both of Canyon, Precinct 4.

Andrew Kershen, Randall County, is on the ballot for director of the district. Earl Holt of Hereford has been serving in that office but recently was elected a county commissioner in Deaf Smith County.

Polls open at 8 o'clock Tuesday morning and close at 7 o'clock in the evening.

Emil Olson will be election judge at VFW Hall. Mrs. Travis Payne will be election judge at Consumers Fuel & Elevator at Ralph Switch and W. P. Janssen will be election judge at Knights of Columbus Hall in Umbarger.

after his arraignment.

An estimated \$7,000 damage was done in an orgy of destruction at the high school Tuesday night of last week.

More than a week later students still are hunting for books, papers and personal property.

Police say all three of the young men facing felony charges have been previously handled by authorities as juvenile offenders.

Chief Caldwell said Reno was alleged to have been involved in a similar incident in November of 1963 in which books were dumped from lockers and considerable damage done at the high school.

School officials say Callarman was suspended from Canyon High School in November. They said Jennings quit school last school term.

Officers said Callarman has been in school in Hobbs, NM, and that Reno has been attending Price College in Amarillo.

Of the four accused, only the 16-year-old boy was still a student at Canyon High at the time of last week's vandalism. School authorities said he was suspended Monday.

City Police and Randall County Sheriff's Department investigated the case.

A major break came Sunday night when Police Lieutenant Ray Reynolds questioned the juvenile. The boy later came to the sheriff's office and asked the night dispatcher how much trouble the fellows who did the vandalism at the school would be in if they were caught.

The dispatcher told him he feared they would be in big trouble. The boy asked for Officer Reynolds. The youngster's father was asked to come to the sheriff's office and then at about 3 o'clock Monday morning the boy signed the statement in the presence of his father.

School officials estimated last week's damage at \$7,000. Books were dumped topsy turvy from lockers and wholesale damage was done to school

## Canyon Grows In '64

Building in Canyon last year topped \$1,379,118, according to E. A. Collie, city building inspector.

Collie pointed out this week that the 168 building permits recorded in 1964 totaled \$1,379,118, but did not include residential structures in the proposed annexed area of Hunsley Hills, north of the city.

He also explained that the declared value of several permits were merely nominal, actual building costs being considerably more.

In terms of taxable property, the 1964 report is below that of the preceding year.

Building in 1963 totaled \$2,246,524, with \$68,000 non-taxable property.

Last year's total reflects only \$24,463 worth of non-taxable construction. Included on the nontaxable list is the Randall County Courthouse elevator, \$18,000. The second non-taxable item is five metal

sheds at the city barn, \$6463. A breakdown of building activity inside city limits last year shows 75 residential projects totaling \$1,103,804. In 1963, 181 permits were issued with 67 residential projects built totaling \$990,750.

Commercial construction totals \$120,570. This figure compares to \$182,478 in 1963.

City manager Dewey Bryant said the growth seemed to be steady, with commercial development suffering within the city limits.

"We need commercial growth, but the residential growth seems to be normal and consistent," Bryant said.

Bryant emphasized the report includes only building inside city limits.

Biggest residential project, as shown by the permit record, is the Raymond Lumry home, \$27,500, located at 505 Taylor Lane. Builder of the home

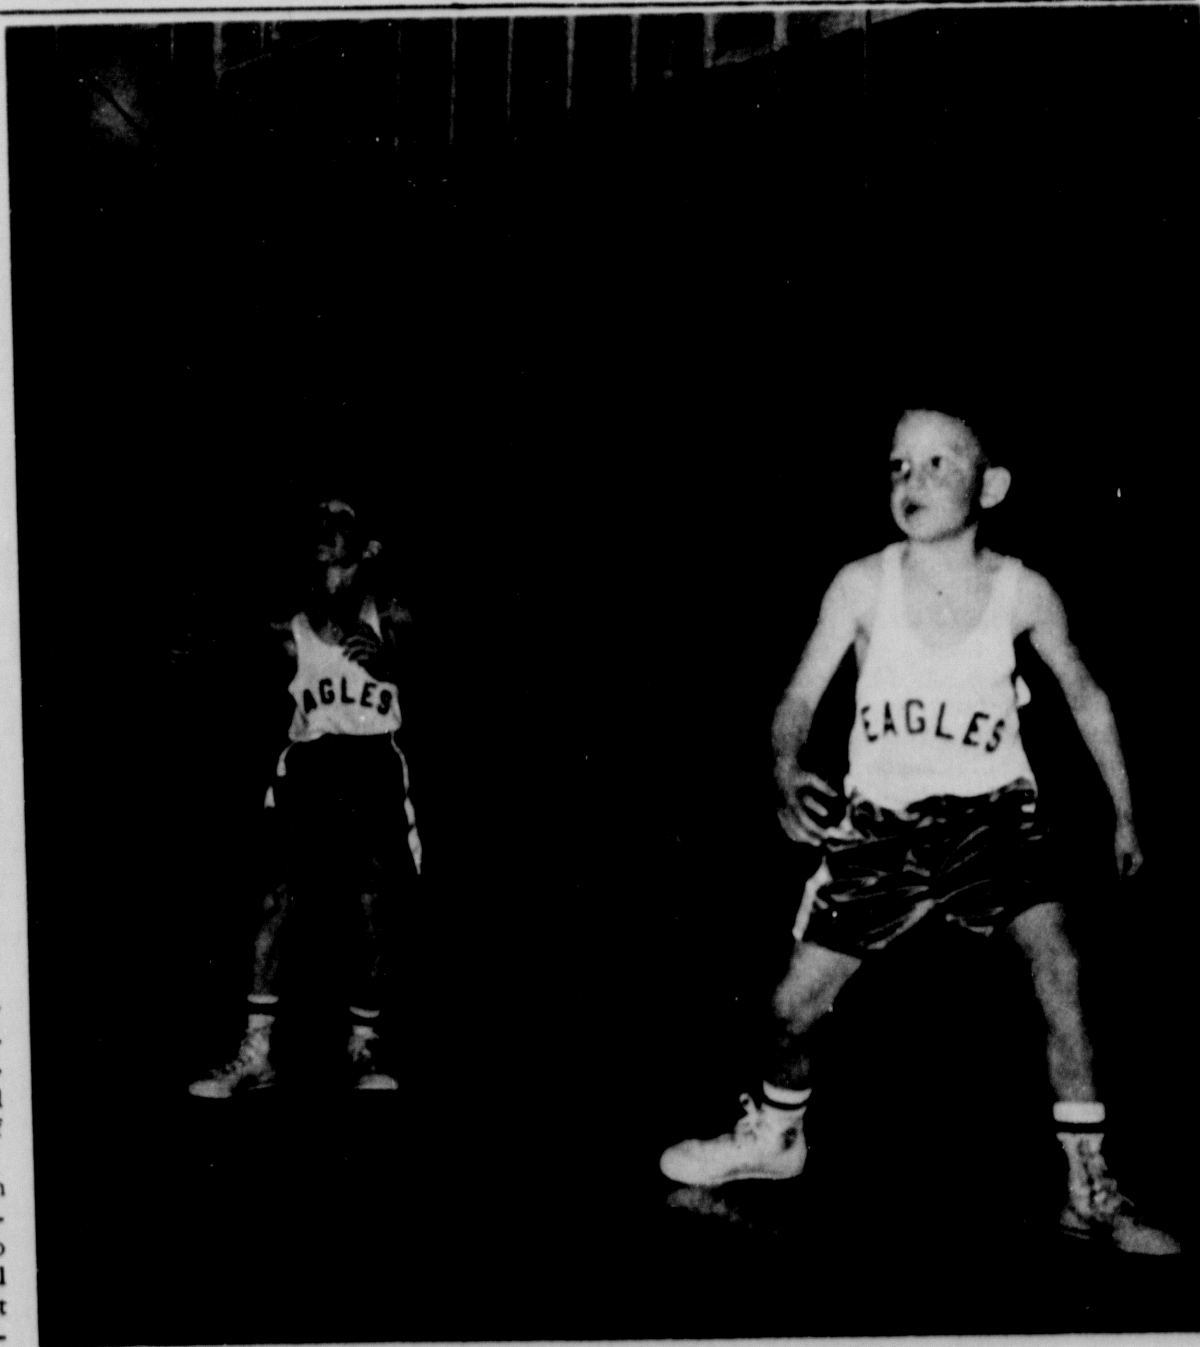

was RAR Homes. The record shows several other residential projects in the \$18,000-\$27,000 bracket.

Construction of a 6-unit apartment, \$34,000, was the largest commercial building during the year. A warehouse and office area, \$27,000, for RAR Homes is located at 1425 23rd Street.

Other large constructions in the city include a miniature golf course, \$6,000; a service station, \$10,000, and a car wash, \$9,000.

Buildings of garages, out-buildings, additions and repairs hitting \$101,531 brought the year-end total to \$1,379,118.

The first building permit of 1964 for a \$14,000 duplex was issued Monday morning, Jan. 4, by Collie. Permit was issued to Velton Sogge, who plans a construction at 706 and 708 19th Street.

Richie, 7, and Artie, 6, Kieval, sons of Mr. and Mrs. Roy Kieval, help the Canyon High School Eagles during game warmups. The boys have been selected as Eagle mascots for

the 1964-65 season. They will lead the Eagles onto the courts and rebound balls during warmups before the games. Kieval is head basketball coach at Canyon.

# FROM THE CANYON RIM

Coach Jimmy Viramontes is finding that rebuilding basketball is going to take something more than just building a good team.

Interest in the game, which used to hold this community spellbound, is going to have to be rebuilt along with the team.

This was in evidence at the doubleheader played here during the holidays. Coach Viramontes brought three fine teams in for the contests.

Several members of the boosters club, especially Richard Pruett and Bob Wilkinson, worked hard in promoting ticket sales. Publicity was more than adequate. Yet, the venture was

## All-School Musical Scheduled

Annual all-school musical at Canyon High School has been scheduled Feb. 19-20, according to Mrs. Mary Peacock, school speech and drama instructor.

Mrs. Peacock will direct the play with Gene Murray, choir director, in charge of the musical direction, and Gary Zook, hand director, directing the orchestra.

"Brigadoon", a Scot fantasy by Alan Jay Lerner and Frederick Loewe, will be produced by Canyon High students.

The play won the New York Critic's Award in 1947, and played on Broadway for 581 performances.

Four singing leads have been selected, according to Murray. Rob Barnard will play Tommy Albright, Joe Kerbel, Charlie Delrymble; Lou Ann Cowart, Fiona McLaren, and Julie Puckett, Meg Brockie.

Other casting positions will be filled later this month, said Mrs. Peacock.

## Baptist Bible Study Given

Bible study for the month of January is continuing through Friday, tomorrow, evening at First Baptist Church.

Adults and young people are meeting in a group and studying the book of Deuteronomy this month, with Rev. Strauss Atkinson, pastor, in charge.

The study began last Sunday evening and is held each night at 7 p.m.

Visiting in the Keith Poole home during the holidays were their son and family, Mr. and Mrs. Eddie Poole of Waco and son Chris.

Other guests included Mrs. Poole's sister and family of Anton, Mr. and Mrs. J. M. Mullins. Mr. and Mrs. Ray Poole and son Douglas of Wichita, Kansas, also were in Canyon last week. Ray Poole is brother of Keith Poole.

Old Mother Stork is taking her time in reaching Canyon in 1965.

Merchants in town are anxiously awaiting the first born, so they can present the new one with various gifts.

But hospital officials say no baby has been born at Neblett since 4:11 p.m. Dec. 31, Thursday.

Apparently Madame Stork is resting after a deluge of new born babies just before and after Christmas. Neblett Hospital was full of little ones and proud mamas that is until New Years.

But the merchants are still hoping to get an infant, the first of '65 in Canyon, Texas.

In last week's edition of The News, a picture of little Tim Henderson appeared on the front page.

The tot seemed to be in high spirits in the picture, but Mrs. Morris Henderson, mother of the youngster, can tell some tales about the picture-taking experience.

Tim was fine until his aunt began to undress him for the picture. In fact he smiled and talked until he was faced with the black top hat and the 1965 banner.

The dam of tears broke and not even the thought of an ice cream cone would slow the flow.

Finally his mother managed to persuade the baby to look at least pleasant for the picture.

Mrs. Henderson later said, "If you had given the banner and the hat to his older brother (who had tried unsuccessfully to get Tim into the New Year

The meeting followed the theme, "Bridge to our Heritage".

Invocation was given by Mrs. Betty Knighton, followed by music selections by the "Merry Mothers".

A parody on a busy teacher before the holidays was read by Mrs. A. K. Goodman.

Laws serving the present day and time were discussed by W. A. "Bill" Wilson, Randall County Justice of the Peace.

Approximately 100 persons attended the supper.

Serving as hosts and hostesses for the evening were Bryce Slack, Edith Priddy, Lorraine Harrison, Phyllis Albers, Martha Hester, Audrey Jones, Patricia Hall, Huvel Brasher, Hubert Butler, and Pauline Brown, chairman.

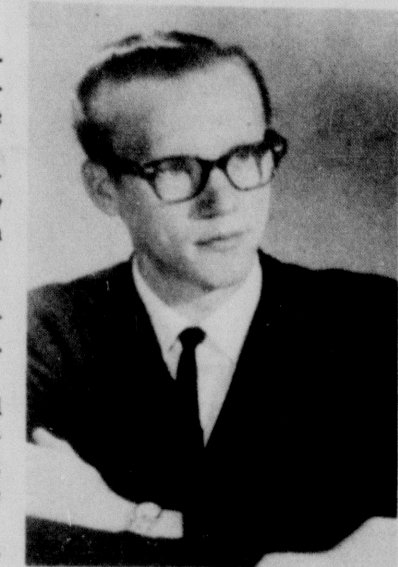

Next CCTA meeting will be Feb. 2 at 4 p.m. in Canyon Junior High School.

## Junior High Boys Bagged

Canyon Junior High School basketball teams fell to the Dumas Demons Tuesday afternoon in Dumas.

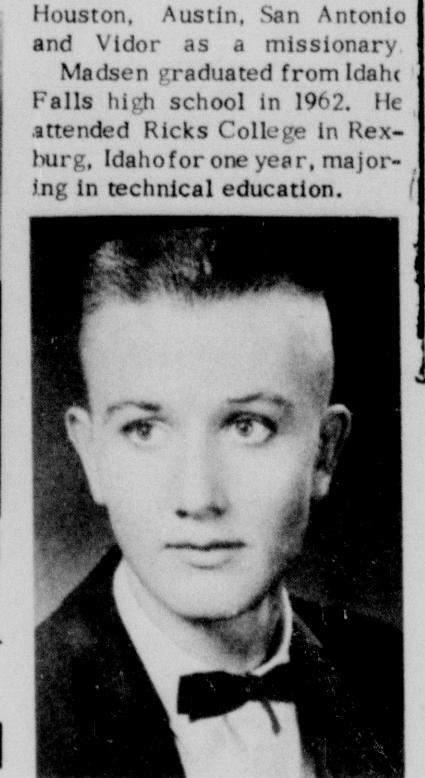

Seventh graders lagged to a 17-6 defeat. Larry Daniels netted 3 points for Canyon. The loss pushed the win-loss record to 1-4.

Dennis Pearson scored 7 points for the 8th grade boys team and Jackie Thrasher made 3 for the junior high boys. But the 8th grade was stomped 31-13. The loss put their record at 4-2.

Ninth grade team was rolled on 56-26 by Dumas. Gaylen Davis jumped for 10 points to lead his teammates in scoring. Dale Wilson and Phil Swartzell made 6 points each.

Canyon made 45 per cent from the free throw line, succeeding with 5 of 11 tries. A 25 per cent from the field kept the team from running ahead of Dumas. Canyon made only 10 of 41 attempts.

Three junior high boys teams and the eighth and ninth girls will play Happy in Canyon beginning at 5:30 p.m. Monday, Jan. 11.

ELDER D. B. MADSEN

He has served in Amarillo, Baytown, Houston, Beaumont, and Arlington.

"Our message is centered around the Book of Mormon, and we would like to talk with people in Canyon," one missionary explained.

Both men live at 2112 Second Avenue and may be reached at OL 5-2489 before 9 a.m. and after 10:30 p.m.

## Damage Totals Told By City

Property damage during December from automobile accidents within the city limits amounted to \$3428, as estimated by police officers.

Eleven accidents occurred during the month on city streets, with 21 vehicles and one traffic light receiving damages.

Last accident of the year occurred Dec. 27 at 10 a.m. at the intersection of Third Avenue and 18th Street. Property damage was estimated at \$225 for vehicles involved.

# Canyon Woman Says Aid Steals Dignity

BY TROY MARTIN

Most countries around the world are contemptuous of our foreign aid and feel that this country is robbing them of their dignity.

This is what Mrs. Russell Chapin, a Canyon woman who taught school in several European and Middle Eastern countries, thinks of America's massive give away.

The Chapins were here for the holidays visiting in the home of her parents, Mr. and Mrs. E. A. Brown of 509 Twentieth Street.

Mrs. Chapin, the former Dorothy Brown, also visited some 35 countries during her stay overseas. She taught children of American servicemen and diplomats for two years in Germany, a short time in Turkey and then in Pakistan.

It was in Pakistan that Mrs. Chapin met her husband, who was serving at that time as a captain with the US Air Force.

Dr. Chapin, a veterinarian,

was in the preventive medicine branch of the Air Force medicals. He said veterinarians were concerned with bacteriology.

The Chapins have made their home in Elkhart, Ind., since Dr. Chapin left the Air Force in 1962.

Mr. Chapin is a 1954 graduate of West Texas State University. She taught elementary school in Denver before going into foreign service in 1958.

Mrs. Chapin said she found the Middle East the most interesting part of the world because it is so different.

"You feel at home in Germany and Switzerland," she said. "Their cities are modern and their religion is Christian."

Religion in Turkey and the Middle East is Moslem, for the most part, and the culture is radically different to that of the Western world.

"Everything is done by bakshesh in the Middle East," Dr. Chapin declared. Bakshesh is the Arabic word for a gift, a gratuity or a tip.

"The Arab doesn't look upon bakshesh as charity or a bribe," Dr. Chapin said. "To him it simply is a matter of bartering."

The Chapins said Middle Eastern officials even want bakshesh or a bribe for aiding Americans in giving away foreign aid dispensed in their various countries.

Mrs. Chapin said she encountered outright resentment of Americans only in Pakistan.

"This was over the American attitude toward India on the Kashmir question," she declared.

Kashmir is an Indian state which has been a bone of contention between Pakistan and India since they received their independence from Britain.

People of India predominantly are Hindu. People of Pakistan are Moslem and Kashmir is a mixture. Mrs. Chapin said the ruling family in Kashmir is Hindu.

"India has played footsie with everybody and Pakistan has been a friend of the US," Mrs. Chapin pointed out. "Yet we pour foreign aid into India and Pakistan feels that it is being used against Pakistan."

Mrs. Chapin said people in most of the countries receiving aid from the US think less of America for extending that aid.

She said the consensus is that we are a foolish people, not wise or loyal enough to pick our friends and stick with them and in the end doomed to destruction.

She said the people in countries being aided by the US feel that we are robbing them and robbing them of their dignity and hate us in return for

our aims.

"When foreign aid starts degrading people in taking away their dignity, it is not good," Mrs. Chapin declared.

Mrs. Chapin was impressed with the Turks as a fighting force. She said they are trained to hardship and as Moslems believe that a soldier killed in battle goes straight to Heaven.

The Chapins are not impressed with the peace-keeping capabilities of the United Nations.

"You need a sounding board

and a place to talk," said Dr. Chapin. "But you can't control the world."

Mrs. Chapin pointed out that differences in cultures and attitudes of various peoples make stated goals of the UN difficult to attain.

She noted that the Pakistan-India trouble is rooted in religion and has been going on for hundreds of years. Dr. Chapin said Pakistan and India lived in harmony under the English but only because of

British use of force to keep the peace.

Mrs. Chapin had some advice for tourists.

She said they should learn what their money is worth in foreign exchange and then not toss it away lavishly.

"I've seen people tip the waiter more than their dinner had cost," she declared. "This is an insult to the waiter and leaves him with a feeling of hatred and contempt rather than gratitude."

Mrs. Chapin said she believes children of Americans in foreign service are being taught well. She said facilities are not always desirable but the children are flexible and become very self-reliant. They usually return to the States able to compete favorably with their contemporaries, she declared.

Dr. and Mrs. Russell Chapin are shown here on a holiday visit with Mrs. Chapin's parents, Mr. and Mrs. E. A. Brown. Mrs. Chapin is the former Miss Dorothy Brown. She and her husband met in Pakistan where he was in the U S Air Force and she was teaching children of American personnel.

boys with 12 points.

From the field the Eagles shot 45 per cent, and 53 per cent from the foul line.

Eagles grabbed 65 rebounds compared to 43 for Happy.

"This was one of our better offenses of the year," Kieval noted.

The coach pointed out that Perryton, ranked third in district this year, has played a tough season so far this year.

"They are going to give us a run for our money in district competition," he said.

Both teams have tall players, and fifth ranked Canyon will have a battle on their hands, according to Kieval.

Game time is 8 p.m. Friday. Canyon varsity girls play Perryton girls at 6:30 p.m. Friday in the gym also.

Seventh grade girls, coached by Royce Elam, will play a scrimmage game at half-time of the boys game.

Visiting with the Royce Elam family last weekend were Mr. and Mrs. W. H. Duck of Oklahoma and Mrs. Ethel Buck and her two children of Lubbock.

Mr. and Mrs. Duck are parents of Mrs. Elam and Mrs. Buck.

they can do it again.

All is not gloom, however, in the West Texas State camp. Marvin Mitchell, 6-2 forward from Detroit, has been working out this week and is expected to see at least limited action this weekend. Mitchell was the number two scorer and rebounder before receiving a fractured cheekbone in the sixth game of the season. His free throw percentage of .811 is the team's best.

Chiefs' coach Abe Lemons is capable of starting a lineup averaging over 6-8 in height, but has not done so thus far. Eddie Jackson (7-0), Gary Hape (6-10) and two 6-6 performers ride the bench while James Ware (6-8), Charlie "Big Game" Hunter (6-5), Jerry Wells (6-2), Gary Gray (6-1) and Dick Bagby (5-10) draw the starting assignments. All are juniors except Gary who is a sophomore. Wells leads the scorers with a 19-point average while Ware tops with rebounders, snaring 12 a game.

OCU's losses have been to Southern Methodist, De Paul and Houston, all by less than 13 points.

Monday's McMurry contest will feature a rematch between the Mitchell brothers. Marvin's younger brother, Lloyd, a freshman at the Abilene school, is looking for revenge since Marvin outscored him 22-8 as the Buffs won in overtime, 79-78, at Abilene in December. Lloyd, a 6-5 freshman, is the Indians' leading rebounder and second leading scorer behind All-America candidate Preston Vice. Vice, an all around back court performer, carries a 20.9 average.

McMurry, 7-4 for the season, plays Midwestern tonight and hosts crosstown rival Hardin-Simmons Saturday before coming to Canyon.

The West Texas State Freshmen, 1-5 on the season, host Phillips Junior College in Monday's preliminary game starting at 6 p.m.

Randall County Farm Bureau will give the showmanship trophies for all classes. Canyon Kiwanis Club will present a Novice Showmanship trophy.

4-H girls and leaders from Randall County will operate a concession booth in the livestock building during the two-day event.

Richmond Hales is general superintendent of the show this year. Wesley Cox is serving as president of the Junior Livestock Association for 1965.

Judges for three classes were named this week by John Brazzil, county agent for Randall County.

Gene Gaston of Springlake will judge the swine; Melvin Gregg of Plainview will be the lamb judge, and Corliss Curry of Happy will judge the steers.

Judges for dairy heifers, beef heifers and horses have not been selected, according to Brazzil.

Cristler Crain, chairman of the JL membership drive, said this week more members are being sought for 1965.

"We have about 175 members who have paid their \$5 membership fee. It takes about 250 members to sponsor the show each year. We need more members, especially from the northern end of the county."

"We know there are some people in the north end of the county who would like to belong to the Junior Livestock Association, but we do not know who they are. If they will contact Jim Fletcher, John Plank, Forrester Gruener or Chuck Allen at the First National Bank, we will be glad to have them," Crain said.

Crain noted that help will be needed next week to prepare the livestock building for the show and sale.

Mr. and Mrs. Vernon Mickey, Shelle and Melanie of Elba, Alabama were visiting in the home of her parents, Mr. and Mrs. O. W. "Bud" Parker for several weeks. They returned to Alabama last Monday.

A book of illustrations of the illumination at the site will also be displayed.

New board members will be elected during the business portion of the Sunday session. Other business will include discussion of plans for the erection of the light control building at the amphitheater in Palo Duro Canyon State Park. The building is to go up in the next three months, according to Mrs. Harper.

A name for the theater is being sought, and members with name suggestions have been requested to bring the selections to the meeting Sunday.

Final decisions concerning the 1965 summer program will be made. A report on the selection and purchase of sound and light equipment will be heard.

Public is invited to the open meeting Sunday.

named Monday night were O.W. "Bud" Parker, vice-president; and Bennie Cooper, treasurer.

Taking office as new board members Monday night were Parker, Riley Troth, Francis Shell, Aubrey Crossland and Richard Pruett.

Plans for the annual Chamber of Commerce Banquet were discussed at the board meeting. The banquet will be held the night of Jan. 28. Principal speaker will be Jeff Williams, Chickasha, Okla., attorney and after dinner speaker.

Tickets are on sale at the Chamber of Commerce office at \$3.50 each. They also may be purchased from members of the Chamber board.

Discussed briefly was a plan to establish a United Fund for Canyon. The board did not express itself on this matter.

Fulton said a program of work would be worked out soon by a committee to be appointed. Chamber committee chairmen probably will be appointed this month.

This was the third such vandalism case in three years at the high school. Last year vandals entered the high school and dumped books from lockers. Damage was estimated at \$500. A similar vandalism stunt was pulled off in the spring of 1962.

**DZ Pledges Hostess Fete**

Pledges of Delta Zeta, national social sorority at West Texas State, honored pledges of Sigma Nu fraternity with a party Tuesday evening.

Titled "Come as your favorite celebrity" the party was held in the home of Mrs. J. O. Parker by both pledges and active members of the sorority.

Characters from "Bob Hope" to Hedda Hopper" were present for the party, at which guests were invited to mix their own drinks from ginger ale and different kinds of kool-aid.

A floor show, emceed by Virginia Crounse as "Shirley Temple", featured Hedda Hooper's Column, and vocalizing by Fran Riney.

Scheduled next on the pledges' calendar is an ice-cream social for sorority pledges, and a roaring 20's party with Alpha Tau Omega.

Parties given during the year have included a luau for Phi Delta Theta pledges, a pool and pizza party for Kappa Alpha Order, and a mixer for Lambda Chi Alpha pledges.

The sorority pledge class is the only one on campus to have held individual parties for each fraternity during the fall semester.

Charles and Don Triplett were in Portland, Oregon for New Year's holidays.

Carol Ayers and Virginia Crounse serve as hostess at a pledge party for Sigma Nu fraternity pledges Tuesday night at the J. O. Parker home in Canyon. Each guest and hostess dressed as a famed personality. Miss Ayers was dressed as Jane Russell and Miss

Crounse was Shirley Temple. Bruce Frances was Liberace, and Joe Winkcomeck, right, was Tex Ritter. Members of Delta Zeta social sorority at West Texas State University hosted the party.

CHEVROLET—As roomy a car as Chevrolet's ever built.

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year and the attractively curved windows help to give you more shoulder room. The engine's been

moved forward to give you more foot room. So, besides the way a '65 Chevrolet looks and rides, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

CORVAIR—The only rear engine American car made.

You should read what the automotive magazines say can touch its styling. They say if you haven't driven a about the '65 Corvair. They're wild about its ride. ## Four Persons Injured In Holiday Accident

A one-car turnover Friday night approximately three miles north of Canyon on US 87 sent four people to Nebbett Hospital.

The four were riding in a 1962 automobile operated by Danny Lee Johnson of Canyon, who was uninjured in the accident.

Pag Bagley, one of the passengers, received facial lacerations, and a cut arm.

Bonnie Joe Whittington sustained a broken collarbone, was treated at the Hospital and released Friday night.

Lillian Cowart was taken to the hospital and held for observation of possible internal injuries. She is listed in good condition.

Lou Ann Cowart sustained a bruised shoulder and elbow, and received facial lacerations. She was held overnight, and released Saturday.

Joe Whittington, also a passenger in the automobile, was uninjured.

Investigating officer, Ken Meadows of the Texas Highway Patrol, said apparently a blow-

out occurred on the Southbound vehicle. Johnson then lost control of the automobile, which turned over on the median.

Damages to the vehicle were placed at \$800 by Meadows.

The New Year's night accident marred Canyon's otherwise accident-free holiday period.

Mr. and Mrs. Mack Kessler are planning a visit after Christmas with his parents, Mr. and Mrs. M. R. Kessler of Seymour.

**EACH NEW DRUG COSTS  
ABOUT \$4,000,000.00**

Between discovery of a new drug in a laboratory the time needed to prove safety and benefits is over five years. Reliable statistics show that only one new drug is useful for every 2500 substances studied. Four million dollars, the average cost of developing each drug discovery, is a lot of money. But new drugs are greatly responsible for the fact that since 1937 the death rate has so greatly decreased. Countless millions living today would be dead if the 1937 death rate had continued. A useful new drug is always a blessing.

## CANYON BUSINESS REVIEW BUYER'S GUIDE

Your car can get complete automobile service at one of the finest service stations in town, Canyon Mobil Service.

The station is owned and operated by Blake Zachry, and offers Mobil quality products.

Newest of the improvements which Zachry is always working on to please customers is the addition of a second grease rack. Canyon Mobil is the only station in town which has two, and can thus offer faster, more thorough service.

"We will service your car from bottom to top", Zachry stated.

Hours are from 7 a.m. until 10 p.m., and free pickup and delivery service is offered on all wash and lubrication jobs.

In addition to a complete line of Mobil service products, including motor oil and lubricants, oil and air filters, tires, and batteries, Zachry stocks all leading brands of oil.

"Besides offering the Mobil brand of new tires, we also have

recapped tires for sale", said Zachry.

A mechanic is always on duty, and work including tune-ups, muffler work, and brake adjustment is done.

Before the Panhandle winter really arrives full-force, why not take your car to Canyon Mobil and have a good wash-and-wax job done on it?

"Most of the cars on the streets now are beginning to need this sort of thing done, to protect the real beauty of their finishes," he said.

"We expect to have a new product in this week, Zachry

added, which melts the ice and snow off streets and sidewalks within a few seconds. It might save quite a bit of time if someone should get stuck in those snowy days upcoming to have some of this in the car."

Canyon Mobil, under the supervision of Zachry, also has two other employees, Mike McAttee and Jimmy Cain.

For fine car care, drop by the station at Fourth avenue and 23rd Street, and treat your car to the excellence of Mobil products and service.
